

SALES POLICY

Our rabbits are sold on a first come, first serve basis. A non-refundable deposit is required to hold a rabbit. Balance is due at pick-up. We accept cash or PayPal. No rabbit will leave our care until they are at least 8 weeks old.

We do look at the bunnies several times for their sex, but sexing rabbits at a young age can be difficult. No sex is 100% guaranteed.

All rabbits are healthy to the best of our knowledge when they leave the rabbitry. Under no circumstances will a rabbit that appears to be sick or have any health issues leave our care. We cannot be held responsible if the rabbit becomes sick or dies while in your care. I cannot control what the rabbit is exposed to outside of my rabbitry and therefore once it leaves us, there will be no refunds. If illness was to happen within 48 hours please notify us immediately. Replacement will be considered at our discretion. We will not be held responsible for any vet or medical bills for your rabbit once it leaves our rabbitry.

Please do not feed fruits or vegetables to rabbits under 6 months of age.

For the safety of our rabbits we run a closed rabbitry

FUTURE

We truly value our pets and if for any reason you can no longer care for your bunny, we will gladly take them back without a refund if we have a cage available. You can donate the cage/hutch with the rabbit to increase the likelihood of it finding a new home.

Feel free to stay in contact by e-mail or FaceBook. We always love to hear how our bunnies are doing after going to their new homes.
